

Social Media Strategy Coaching

www.visionventures.com

Hi There, I'm Alina!

I am so excited to be your guide as you take your social media presence to the next level.

I know from experience that life as a creator can be overwhelming and isolating at times. It's not always easy to ask for help and make this your #1 priority. When we team up, you will have a constant supporter and mentor by your side guiding you through everything you need to know. From social media strategy to manifestation, I've got you all covered (tell me about your dream following, views, brand deals, income— and together we'll make it happen!)

The ONE thing I ask of you is that before you sign on, you are ready to commit to the diligence it takes to get your momentum going. The clients who have who have fully committed have seen massive success. From working with brands like SKIMS, NARS, and Loreal, having videos do over 5mil+ views within weeks of working with me, to gaining a following that increased by 10k+ a month.

So come to me with your big dreams, ready to take action, and we can make some magic together.

You should be so proud of yourself for taking this huge leap and choosing to believe in yourself.

I can't wait to start this journey with you!
